

## Niagara Navigator Data Updates

2009-03-12

Continued updates to the data on Niagara Navigator are occurring. The table below details which datasets were updated and the changes applicable to each.

<b><i>Dataset</i></b>	<b><i>Description</i></b>
Parcels	Assessment mapping version 19 has been published. It is current as of March 2009.
Roads	Regional Road network Version 2.9 published November 2008
Address Points	The newest version of Region's address points published January 2009
Licensed Child Care Facilities	This dataset is updated monthly based upon information provided by ECCDC and ultimately the care facilities themselves. August's update is currently listed on the site.
Schools	This dataset has been updated
Screening layer	NPCA Screening layer has been updated in March 2009
