

Niagara Navigator Data Updates

2008-05-13

Continued updates to the data on Niagara Navigator are occurring. The table below details which datasets were updated and the changes applicable to each.

<i>Dataset</i>	<i>Description</i>
Parcels	Assessment mapping version 15 has been published. It is current as of January 2008.
Roads	Regional Road network Version 2.7 published December 2007
Address Points	The newest version of Region's address points published February 2008
Licensed Child Care Facilities	This dataset is updated monthly based upon information provided by ECCDC and ultimately the care facilities themselves. February's update is currently listed on the site.
War of 1812 POI	War of 1812 Places of Interest is a new layer available to the public. This layer also contains links to pdf files describing the sites.
Old Welland Canal	This new layer shows the location of old Welland Canal
Old Welland Canal POI	This new layer shows the point of interest colour coded by First, Second, Third and Fourth Welland Canal.
